He will also deliver an address on Monday night after the closing exercises of the school. All patrons and friends of the school, all who are interest in education, and all who desire to avail themselves of this great privilege of hearing the words of this gifted and honored son of Highland are cordially invited to be present on this occasion. X

Why suffer with tired, aching feet when Allen's Foot-Ease will relieve them? 25c at Orndorff's.

The Board of Supervisors.

At the meeting of Supervisors on the 15th inst. most of the time was taken in examining into and allowing various road claims, for work having been rendered necessary "on account of unforeseen things." The road men made use of their usual due diligence in presenting their claims, which we do not pretend to say as not commendable.

As a sort of side issue the Hon. John T. Byrd, special commissioner presented a report as to a change desired in the public road south of John J. Lockridge's, stating that such change would be 34 rods long and would cost about \$30. The Board directed Dr. H. H. Jones to have the change made.

Don't forget the low price on shoes at Orndorff's.

Clem—Simmons.

Wednesday morning at the house of the bride's half-brother, Mr. James Judy, Mr. Alexander Clem, of Quicksburg and Miss Effie Simmons, of Crabbottom, Highland county, were united in marriage by Rev. I. W. Canter, of the Methodist church. The contracting parties were both deaf-mutes, and Mrs. Judy acted as interpreter. The newly married couple left yesterday for Quicksburg.—Spectator.

The Summing Up of the Dead Sheep.

The last report we have is from Mr John A Botkin, Palo Alto, and he has found in his section but 10 dead sheep, valued at \$3.50.

From what we would term the Monterey neighborhood Mr. Robt. Campbell reports about 107 valued at \$3.00. Mr Campbell says shed your sheep during severe storms.

With few exceptions this covers the county pretty well, and in summing it all up we find the number of sheep that died in the county during last winter to be about 670, valued at about \$1,855.

It seems that the Monterey and Doe Hill sections suffered most, reports from other localities falling far short of the number reported from these two points, it may be however that these sections handle more sheep.

We Want You.

Three or four hundred Highland homes have not the Highland paper, but we want you to. For one month we are sending the paper to a number of these homes (no money to pay, understand), and we desire that you read it inside and out. Take the whole month to make up your mind, if you want, but then render your honest judgment for or against your county paper, and if you think you want it in your home for a year tell us about it on a postal card, and we will be glad if you do not want it, say so and no more.

To take advantage of this offer you will get an extra month, and sometime when you come to settle we will pay you for the postal card, giving you your county paper 13 months for 90 cents, 7 months 49 cents, 4 months 24 cents.

Death of Bishop Taylor.

Bishop William Taylor, the well known missionary of the Methodist church, died on Monday at Palo Alto, California, aged 81 years. Fifty years ago he began his career as evangelist. He served as bishop of Africa until 1898 when he was relieved on account of age. Bishop Taylor was a native of Rockbridge county, Virginia, and was born and reared near Fairfield. He was a man of unusual physical strength and endurance in his young days, and of undaunted courage. His services in Africa were attended by very great personal discomfort and sacrifice, yet he was wonderfully successful in planting the seeds of christianity in that benighted land. In his early ministry Bishop Taylor preached in Crabbottom and at old Rehobeth church at Valley Center.

Letter to Mr. W. H. Hiner, Monterey Va.

Dear sir,—Catch words and phrases may look well in advertisements, but they do you no good. Don't help your paint to wear. L & M has more lead and zinc in it than any other paints, but its great feature is that you add much oil to it. Don't pay a paint price for linseed oil when you can buy L & M semi-paste, and then add oil for which you have paid the proper price. Ask Messrs Trimble and Lunsford for full color cards and combination booklets.

Respectfully yours,
LONGMAN & MARTINEZ.

He Cared for Them When They Were Old.

Many parents slave along until they are broken down, for their children. No sacrifice is too great for them to make just so it helps one of the boys or one of the girls. For them to know that is enough and willingly they go on making sacrifice after sacrifice, and at last they are old and are not able to help others nor themselves. Now is the time for the children to return the kindness by taking care of their parents in their old days; but how often do we see failure along this line.

A case in which a young man by kindness and attention, fully repaid his parents for what they had done for him, came under our observation not many years ago.

He was the youngest child and remained at home, helping the old folks in their declining years, until he became master of a trade. Then when they became older and more helpless and he could not be with them so much he gave of his means to help make them comfortable.

The boy married and soon a family gathered about him and claimed his care, but he did not forget the old folks. Soon the kind old mother was brought to her last sick bed, but the home cares and business cares of the boy were not too great for him to forget mother. So he went to her bedside and for three long years while she lingered in helplessness, and until death came and took her away, he saw that her every want was supplied and every wish gratified. Night after night he kept watch alone at her bedside and administered unto her. So much of his time and means did he give that he felt it heavily in his business, and while his own family was well provided for, yet there was much time that he could not be with them; but he did not forget that long years before mother had watched by his bedside when he was helpless, and he did not leave her.

Father and mother are both gone now. The boy is a thrifty mechanic and one of our best citizens.

A noble deed, it will be said, was this, and so it was—noble, manly, kind. It does good to have one's attention called to such good acts, and we may directly learn to look for the good and not the bad. Sometimes we are so intent on finding something disagreeable against our neighbor that we can take one of his very little crooked steps and by arguing and coaxing and adding a little color, we have the very disagreeable thing we were looking for.

Try to find good, use diligence in doing so, and so much of the good that we have overlooked will be within our touch. All about us.

Let it Alone.

Scott's Emulsion is not a good medicine for fat folks. We have never tried giving it to a real fat person. We don't dare. You see Scott's Emulsion builds new flesh. Fat people don't want it. Strong people don't need it.

But if you are thin Scott's Emulsion is the medicine for you. It doesn't tire you out. There is no strain. The work is all natural and easy. You just take the medicine and that's all there is to it.

The next thing you know you feel better—you eat better—and you weigh more. It is a quiet worker.

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY. F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.

MESSRS. JOHN W. MASURY & SON'S PAINTS

Any painter who knows his business will tell you that MASURY'S PAINTS have a world-wide reputation for excellence. There are cheaper paints, of course, but such paints are necessarily inferior, being made of cheaper material, which will not cover as well—not last as long: Some people say, "A gallon of paint is a gallon of paint." True! But Masury's Paints cover 300 sq. ft. per gallon—two good heavy coats—and last all the way from six to sixteen years, while the cheap paints cover from one-third to one half less surface and fade away and begin to chalk, or crack, off in a year or two.

Not all high-priced paints are good. Many are badly adulterated with benzine, which you can detect by its odor, or with water, which our agents can tell you how to detect. Others contain chalk, whitening or other worthless or harmful adulterants and cheapeners. Such paints ought to be cheap, if they are not.

Masury's Paints are guaranteed absolutely Pure Linseed Oil Paints, and are warranted to outlast, not only all other paints, but Pure White Lead as well. Sold under guarantee by druggists.
